

00:10:42 ANFP Staff: Hi NataylyHunt. Did you have a question?

00:11:14 melissaponce: Can you be a student and still serve on the Board?

00:16:43 ANFP Staff: Hi Angela. You can email me at lfeltz@anfponline.org for this. TY.

00:16:50 lq: I have used relias

00:17:52 Jeff Wuollet: Relias is a tool used by several employers for internal education/ training purposes. Many of the courses in Relias are not preapproved but your able to pull the course agenda/ presenter and submit for your CEUs

00:18:01 lawrence Davis: HOW MANY CAN YOU PUT IN

00:18:49 JessWeisbrich: You can also put your CDM as one of your 'licenses and certifications' within your Relias login. It should show if the courses are preapproved.

00:20:52 lq: I had a hard time finding free sanitation and ethics CEUs

00:22:41 Maggie Rowlands Pulaski Memoiral Hospital: What is the best avenue to reach out to CMS or what governing body for LTC and hospital recognition for the CDM CFPP in Indiana.

00:23:22 Ken Hanson (he/him/his): You can use the search CE option on the website to find those sanitation and ethics CE's You can include 'free' in the search and you may find one.

00:23:47 lawrence Davis: what about a course/in-service from a vendor ex. GFS

00:27:24 Maggie Rowlands Pulaski Memoiral Hospital: Hi

00:28:26 Ken Hanson (he/him/his): Lawrence.....many CE's from Vendors are pre-approved and can be used. Even if not pre-approved, if it meets the CBDM standards it can be reported but you may need additional documentation. Those standards and documentation requirements can be found on the CBDM website at this location: <https://www.cbdmonline.org/maintain-your-credentials>

your-credentials/ce-self-reporting-faq#ServSafe

00:34:10 Owner: I am amazed that financially it costs me more to keep a certification than it costs a nurse for their license and many facilities give little to no support to the CDM. All of my ces I earn are done on my own time because the facility does not want me to use "their" time.

00:34:13 Doreen: Okay just got back , hear you all now
